

Sinovuyo Volo

Aspiring Software Engineering Intern

First Year Student at WeThinkCode | Python | HTML | CSS | JavaScript

sinovuyovolo51@gmail.com

+27 065 907 1604

github.com/sinovuyovolo

Johannesburg, South Africa

PROFESSIONAL PROFILE

Driven and detail-oriented first year student at WeThinkCode with a foundation in Python, HTML, CSS and JavaScript. I bring a unique combination of technical curiosity and real-world professional experience — having previously coordinated a youth development programme where I managed learner data, handled compliance reporting and supported operational systems. I am eager to apply my growing technical skills in a hands-on internship environment where I can contribute, learn and grow as a software engineer.

TECHNICAL SKILLS

Python	HTML5	CSS3	JavaScript
Git & GitHub	VS Code	CSV Data Handling	Problem Solving

PROJECTS

Student Attendance Tracker

Python | github.com/sinovuyovolo/AttendanceTracker

- ▶ Built a command line tool in Python that records daily learner attendance and generates summary reports
- ▶ Implemented file handling using CSV to store and retrieve persistent data across sessions
- ▶ Designed an interactive menu system using Python loops and conditionals for easy user navigation
- ▶ Demonstrates ability to translate real-world administrative problems into functional coded solutions

Personal Portfolio Website

HTML | *CSS* | *JavaScript* | sinovuyovolo.github.io/SINOVUYO-UPDATED-PORTFOLIO-SUBMISSION

- ▶ Designed and developed a fully responsive personal portfolio website from scratch using HTML and CSS
- ▶ Integrated a functional contact form using EmailJS enabling direct email communication from the site
- ▶ Deployed live using GitHub Pages — publicly accessible and shared with recruiters

EDUCATION

First Year Software Development Student

2025 — Present

WeThinkCode — Johannesburg

- ▶ Developing core programming skills in Python with a focus on software engineering principles
- ▶ Participated in a healthcare hackathon — collaborating with developers on a real-world health tech problem
- ▶ Completed professional readiness modules including elevator pitch development and CV writing

Front End Development — HTML, CSS & JavaScript

2024

PLP Academy (Self-directed upskilling)

- ▶ Gained foundational knowledge in front end web development through self-directed study

National Senior Certificate (Matric)

2019 — 2023

Bhukulani Secondary School

RELEVANT EXPERIENCE

Programme Coordinator

2024

Youth Development Organisation — Johannesburg

- ▶ Managed and maintained learner data using spreadsheets — directly applicable to data handling in software development
- ▶ Processed compliance reports for the Department of Social Development, demonstrating structured record keeping and attention to detail
- ▶ Coordinated operational logistics for weekly sessions, developing strong project management and time management abilities
- ▶ Served as the primary communication link across multiple stakeholders, building professional communication skills

ADDITIONAL INFORMATION

Interests

- ▶ Artificial Intelligence & Machine Learning
- ▶ Cybersecurity & ethical hacking
- ▶ UI/UX design principles
- ▶ Tech communities & developer networking

Languages

- ▶ English — Professional proficiency
- ▶ Xhosa — Native
